- 25 days plus bank holidays
- Day off on your birthday
- Pension scheme with 6% employer contribution
- Hybrid home/office working environment
- Training, development, and support
- Company sick pay
- City Centre location
- Casual dress
- Death in Service Benefit (Salary x 4)
- Subsidised Gym Membership
- Access to award winning Employee Assistance Programme

The role:

The firm operates a very successful housing disrepair team whereby we act for tenants of residential social housing who are complaining of disrepair at their property which their landlord has failed to remedy. Cases are pursued under the Housing Conditions Protocol with typical agreements being reached with landlords pre or post litigation in terms of damages, agreed repairs and timescale for completion, and costs.

Unfortunately, a significant proportion of those agreements are subsequently breached by the landlord. Your role will involve enforcement of those agreed terms, particularly relating to any failure to complete agreed repairs at the property in the agreed timescale.

Working in our specialist Housing Disrepair Breach of Contract Team, your role will primarily involve post litigation casework under both Part 7 and Part 8 of the Civil Procedure Rules. However, some drafting will be required. You will be responsible for handling your own individual caseload of Claimant matters from issue to conclusion.

The main objective of the role is to seek Court Orders so that we can enforce previously agreed settlements, including seeking Penal Orders where necessary.

Key tasks (not an exhaustive list):

- Housing disrepair experience is desirable, but not required
- The successful applicant will have a good knowledge of the Civil Procedure Rules and have some experience of contentious civil litigation.
- You must be able to handle volume litigation ensuring compliance with key deadlines.
- Experience of Proclaim or other case management software is desirable, but not essential.
- Competent in use of Microsoft packages such as Word, Teams.
- Excellent communication skills – verbal and written
- Ability to make decisions.
- Effective time-management, with ability to prioritise competing tasks
- Ability to problem solve.
- Effective negotiator.
- Commercial awareness.

The successful applicant:

- Minimum of 1 years' litigation experience
